FOURTH YEAR.

MAYSVILLE, KY., THURSDAY, NOVEMBER 28, 1895.

ONE CENT.

## Over Thirty Years Without Sickness.

Mr. H. WETTSSTEIN, a well-known, enterprising citizen of Byron, Ill., writes: "Before I paid much attention to regulating the bowels, I hardly knew a well day; but since I learned the evil results of constipation, and the efficacy of

### AYER'S

Pills, I have not had one day's sickness for over thirty years—not one attack that did not readily yield to this remedy. My wife had been, previous to our marriage, an invalid for years. She had a prejudice against cathartics, but as soon as she began to use Ayer's Pills her health was restored."

### Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give his goods or services for nothing. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

### The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

### For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

### Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

### Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Notices in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local insertion in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—32 times—the bill is \$16. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "full length" notices will be accepted hereafter. Let us have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Miss Anna Frank is visiting her aunt, Mrs. Bettie Byrne of Cincinnati.

Mrs. C. W. Darnall leaves today for a short visit to relatives at Elizaville.

Colonel E. A. Robinson hove in this morning from a tour of West Virginia.

Mrs. R. A. Toup has been visiting her daughter, Mrs. Charles Note of Flemingsburg.

Miss Lettie Rozer is spending a few days with relatives and friends at Murphysville.

Mrs. Thomas Stockton and son Roe are here from Denver on a visit to Mrs. Tillie Stockton.

Mrs. Isaac Levi and children of Portsmouth are spending Thanksgiving with her parents, Mr. and Mrs. M. Davis.

Mr. W. L. Nicholson has returned from a visit to his sisters, Mrs. W. O. Giani and Mrs. Henry Held, at Newport.

Mrs. H. T. Clinkenbeard and two children, Homer and Anna Bert, leave today for a ten days visit to relatives at Winchester and Lexington.

Mr. and Mrs. Josiah Lindsay and Mr. James Campbell and Mrs. Ollie Rich of Sharpburg were the guests of their cousin, Miss Mary Daulton, this week en route to Covington.

Just received, a supply of Williams' Pomeroy Coal; 5 cents per bushel.

WILLIAM DAVIS.

### A THANKSGIVING OF THE PAST.

An old time, rambling farmhouse, set far back among the trees, A broad walk leading up to it, A door which opens with ease, A snow haired couple just inside, To grasp your willing hand, A merry welcome from a large And ever growing band.

The slow and solemn service, led By father's trembling voice, And hymns which stir the soul and make The weary heart rejoice.

The festive board round which we meet In joyous, happy throng, The stories of the year just passed, The jest and laugh and song.

The glorious old fireplace, filled With crackling, glowing flame, The roasted apples, cider, nuts—Do others taste the same?

The quiet nook upon the stairs, With only room for two, The downcast eyes, the sweet soft voice That opened heaven to you—

Did ever modern Thanksgiving Contain such joy and bliss? Can theater or football game Bring happiness like this?

Mr. George S. Rosser, senior proprietor of The Bulletin, has been appointed a delegate to the National Editorial Association, to be held at St. Augustine, Fla.

The gross earnings of the L. and N. for the third week in November were \$438,425, an increase of \$20,920 over 1894, of \$16,575 over 1893, but a loss of \$21,465 as compared with 1892.

### MARRIED THIS MORNING.

Mr. Martin A. O'Hare and Miss Mary G. O'Donnell.

At 8 o'clock this lovely Thanksgiving morn, at St. Patrick's Church, and with the solemn rites administered by the Rev. Father A. T. Ennis, two of Maysville's best known young people joined heart and hand.

The house was well filled, for few have more sincere friends than Mr. O'Hare and the lady who has become his wife.

The ceremony was deeply impressive, made especially so by the auspicious time—a Christian Nation's Thanksgiving Day—and no service was ever more beautifully rendered within the sacred portals of St. Patrick's.

The groom, Mr. Martin A. O'Hare, is a member of the Mittonel & O'Hare Hardware Co., a prosperous business man and a most excellent citizen.

His bride, Miss Mary G. O'Donnell, is a daughter of Mrs. Eunice O'Donnell and a sister of Attorney Frank P. O'Donnell. She is widely known because of her rare accomplishments and great personal beauty, and Mr. O'Hare is indeed to be congratulated on his noble conquest.

Mr. and Mrs. O'Hare left at 9 o'clock on the C. and O. for Cincinnati, and their bridal tour will include a visit to the Atlanta Exposition.

THE LEDGER wishes them a pleasant journey, a safe return and a long life of unalloyed happiness.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1,200-page Common Sense Medical Adviser, illustrated.

The new schoolhouse on Forest avenue has been completed.

Jesse Dugan, who died at Tampa, Fla., will be buried at Manchester today.

Mr. C. H. Duty, late of Flemingsburg, will go on the road for a Louisville house January 1st.

The largest clock is said to be in Buffalo, N. Y. Its dial-plate is twenty-five feet in diameter.

The largest stick of timber was cut in Washington. It was 150 feet long and an average of 20 by 21 inches.

The most extensive system of canals in the world is in the Great Plain of China, which is fairly seamed with canals.

The country is safe some more. Thanks to Mrs. L. H. Colburn, there will be a twelve pound turkey on the Editor's table today.

Rev. Leonidas Robinson of Helena has been conducting a revival meeting at Lexington for twelve days past. There have been twenty additions.

Benjamin Rathouse, who recently sold a big lot of turkeys here at 44 cents, had given Fleming county farmers checks for them. When the farmers went to the bank the checks were n. g. If they catch Rathouse he will wish his name was Icehouse.

Detective James Gaffney of Covington and C. and O. Detective Rothenhoeffer rearrested Jim Stephenson and locked him up on the charge of breaking the seal of a C. and O. car. Stephenson has an indictment pending against him for the same offense in this city. He has only recently been released from jail here on \$500 bond for his appearance at the next term of Criminal Court.

### FLOTSAM—JETSAM—LIGAN!

### NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The gauge reads 23 and falling slowly. The Sunshine lost her stage during the storm.

The Tacoma will be let off the ways Friday.

The Lizzie Bay will have a nigger engine on board.

The Marine Ways has enough work on hand to employ a full force until spring.

The H. K. Bedford is due from Cincinnati for Pittsburgh and way landings this evening.

The United States steamer Golden Rod left for up the river Wednesday to inspect the lights.

The Hudson is being put in readiness to start the ball rolling Friday in the Pittsburgh trade. The new Virginia will probably follow Monday.

The White Collar Line now has the field to itself. Rates will be restored above and below. The deal included the Lizzie Bay and Henry M. Stanley.

At Pittsburgh the river is falling. A swell is passing Wheeling, where there was a rise of 2.9. Between Parkersburg and Louisville the river is stationary or falling.

The stage of water at midnight was as follows: Oil City 5.8, rising; Pittsburgh 6, falling; Davis Island Dam 7.8; Wheeling 5.9, rising; Parkersburg 2.8, rising; Hinton 1.1, stationary; Charleston 5, stationary; Lock No. 8, Charleston, 2, stationary; Point Pleasant 1.6; Catlettsburg 3; Portsmouth 2.9, falling.

The Rob Roy ran through herself while under way to meet Brown's coal digger, which is being floated to Cincinnati from Pittsburgh. The cylinder head was brought down and a new one will be made immediately. William Moore, the engineer, had a narrow escape from being scalded to death.

The towboats about Cincinnati began early Wednesday morning to collect empties to be taken up to Pittsburgh to bring coal. The Beaver and Harry Brown left there with a tow of empties, the John Barrett started up from Cairo, and the John F. Walton is headed for Pittsburgh from Gallipolis.

When they put a man in Jail he cannot follow his natural inclinations. He cannot do what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life he might as well be in Jail. He cannot eat what he likes nor enough. He suffers much, gets little sympathy. At first perhaps a little heaviness in the stomach, a little sourness, windy belchings and heartburn; headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisonous, impure matter that should be gotten rid of. The poison is being reabsorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.

## A SPECIALIST'S VIEWS.

### OBSOLETE AILMENTS THAT AFFECT HUMANITY.

### An Eminent Specialist's Idea On the Kidneys, and Their Uses. How They Purify the Blood and Keep Us in Health.

### Curing the Kidneys Makes Us Well When We Are Sick.

We are often sick and don't know what is the matter with us. It is probably our kidneys.

We lose our strength and ambition, suffer from headache, dizziness, salivary complexion, nervousness, etc.

We need new blood. We don't get it because our kidneys are sick.

If we cured our kidneys we would get new blood, new health, new strength, because it is our kidneys that purify our blood.

Dr. Hobb's Sparagus Kidney Pills will cure the kidneys.

They contain a concentrated extract of the asparagus found in no other medicine or prescription, and made only under a special process by the Hobb's Medicine Co.

This extract of asparagus is what makes Dr. Hobb's Sparagus Kidney Pills so successful.

A well known physician, Dr. William Watson Hinrich, made a careful and thorough test of Dr. Hobb's Sparagus Kidney Pills in his practice.

Here is his report on the results:

OFFICE OF WILLIAM WATSON HINRICH, M.D., 926 CHICAGO OPERA-HOUSE BLOCK, CHICAGO, July 20th, 1895.

Hobb's Medicine Co.—Gentlemen: It affords me unqualified pleasure to report that after having at your solicitation tried the Sparagus Kidney Pills which you have recently introduced to the profession, I am entirely satisfied with the results obtained.

As is well known, the kidneys are the principal excretory organs of the body, and I have long been satisfied that many of the obscure ailments which afflict humanity are traceable to kidneys which fail to properly perform their functions.

Until now I have tried, and used with varying degrees of success, all the different remedies which are alleged to have a specific action upon the kidneys, but have never found anything that was entirely satisfactory until I began the use of Sparagus Kidney Pills.

I think you are to be congratulated upon having been able to produce a combination of remedies which have such a happy effect, and I take pleasure in recommending your pills to my brother practitioners, who, I am sure, will find in them a remedy that will fully meet the indications presented in all diseases of the kidneys, as well as in all diseases which owe their origin to, or which depend upon, an unhealthy condition or action of the kidneys. Yours very truly,

W. W. HINRICH.

Dr. Hobb's Sparagus Kidney Pills will cure all kidney diseases and all diseases of the blood.

Bright's disease, diabetes, congestion, etc., rheumatism, gout, anemia, etc., can all be cured by Dr. Hobb's Sparagus Kidney Pills.

A few doses will relieve. But that is not all. A few boxes will cure. And the best of it is that the cure will be permanent.

Sold by all druggists or mailed, prepaid, for 50 cents a box.

An interesting pamphlet mailed free on request. Address Hobb's Medicine Co., Chicago or San Francisco.

Mr. James R. Roe and Miss Laura B. Mayhugh will marry today at Orangeburg.

### HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers—How to Guard Against the Disease.

Croup is a terror to young mothers, and to post them concerning the cause—first symptoms and treatment—is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy, for it contains nothing injurious. For sale by J. James Wood, Druggist.

### MOVING A CHURCH.

How Chicago Goes About Moving a Big Building.

Mr. McNally, the gentleman named below, is the person who recently "shored up" the big warehouse of Colonel M. C. Russell in this city while new steel columns and girders were substituted for wooden ones. Hence the following narrative has a local interest:

The Foreman who directed the work of moving Cincinnati's big Music Hall organ, which has just been safely placed in its new position, is a Mr. McNally. Mr. McNally's employers, the Chicago House Raising Company, were interested in that great undertaking, of which much has been said and a great deal written, viz., the moving of Immanuel Church in Chicago—the Rev. Johnston Meyers's new charge—and Mr. McNally had something to say on the subject:

"Our firm and another, headed by a gentleman who has always been very successful in these big ventures," said he, "were the only two that felt like attempting that big job. One characteristic of Mr. S. is that he will attempt, and generally carries to a successful issue, any kind of a moving job, no matter how big it is, but he will never get rich at it. The only really ticklish feature of the moving of Immanuel Church is getting it safely over its fifty feet of space without dislodging the sixty five-foot steeple that towers over it. Mr. Sheely, as you doubtless know, has already started the Church on its journey."

At exactly 3.51 o'clock Wednesday afternoon the first one-quarter wrench on forty-five jackscrews was made by as many men and the big Church shivered and trembled and parted company with the Metropole Hotel, to which it had been cemented, as it were, for many years. The contractors say they will finish their task in ten days, which means that Immanuel Church, an edifice built of stone, weighing altogether 13,000 tons, and bearing a tower 235 feet high, which of itself weighs 1,500 tons, will have been taken up and set in another position fifty feet South and nine feet East, and guaranteed to be as perfect a structure as before it started on its strange journey. When this idea was first broached it was laughed and scoffed at by many, but the people who wanted the Church moved and were willing to pay for it knew what they were talking about. These people were the proprietors of the Metropole Hotel, whose interest it was to have the edifice a little farther South because it darkened all of the best rooms in the hostelry.

The hotel company buys the fifty feet of property South of the Church property from B. F. Jacob for \$30,000, and deeds it to the Immanuel Church. It pays the expense of moving the Church, its reconstruction and redecoration. It is estimated that this part of the job will cost \$65,000. The Trustees of the Church, in exchange for the property bought from Jacobs, relinquish to the hotel company the open fifty feet created by the removal of the Church. The removal does not cost the Church a cent.

The wife of Mr. Leonard Wells of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5 if it could not be had for less.
